

REMARKS/ARGUMENTS

Applicant received an Office communication dated December 21, 2010, including a Notice To File Corrected Application Papers after *Notice of Allowance Mailed* and giving Applicant "2 months from the mail date of this Notice within which to respond." The Notice identified the following "Specification/Drawing Inconsistencies":

Drawings are present in the application and are referred to in the detailed description of the invention, but the specification does not contain a brief description of the drawings as required by 37 CFR 1.74 and 37 CFR 1.77(b)(8).

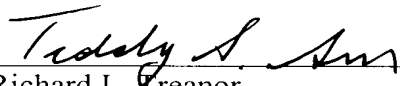

Please timely enter this Amendment under 37 CFR § 1.312 after *Notice of Allowance Mailed* in response to the Notice. By this amendment under 37 CFR § 1.312, Applicant has added the Brief Description of the Drawings as required by 37 CFR § 1.74 and 37 CFR § 1.77(b)(8) to page 10 of the Specification, after the paragraph ending in line 17 but before the paragraph beginning with line 18 thereof. Support therefore is found in the Specification at page 19, line 25, to page 20, line 3; page 20, lines 10-14; and page 20, lines 21-25.

No new matter is added.

Applicant appreciates the Office's early Notice of Informality and hereby timely and properly responds thereto.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
